Private island hideaway

Welcome to Diaporos Island, your new, secret eco-paradise. Allow yourself to meet its spectacular scenery for the first time : here is Greece in all its splendor.

This three-bedroom residence of 240 sqm, in a majestic terrain of 6.500 sqm , in the southwest side of the island. It is settled in a natural cove of a rare aquamarine tint, only a few feet from the water, with a spectacular view to Sithonia and Vourvourou. The distinctive feature of the property is its closeness with the sea. There is a private beach in front of the residence, which constitutes an integral part of this intimate space. The volume of the house embraces the sea in a setting that offers a continuous play between light and colour.

The first impression from the residence is the sense of an absolute blending of the architectural volume and the scenery. This magnificent location is engulfed by the setting of the beautiful lawn and the impressively large trees.

The natural cove provides shelter and unique moments for sea and beach activities. Each single feature complements the residence's exceptional seafront location, being a stylish reminder of the marine beauty.

All the external spaces-the pergolas, the swimming pool, the spa along with the jacuzzi, the dining room and the bar-are consistent with the main volumes, in an integral symphony with the interior and in a rhythmic communion with the filtering light. Thus, this harmonious setting sets the frame for the sky and the sea.

Where colour begins

The design of the house offers its reflections to foster the relationship with its natural setting: lines that complement the shore line. Lines constitute the emblematic strength of the design project. The aim is to play with the boundaries and surpass them. It is impossible to determine the best shade of blue and the most beautiful light. The colour palette seems endless...
