White Villa

Design defined by nature

Welcome to the island of Diaporos, your new, secret eco-paradise. Allow yourself to meet its spectacular scenery for the first time: here is Greece in all its splendor.

This unique property of 19.000 sqm total surface area lies in the northeastern side of the island, between two private natural coves with calm, warm waters and a private jetty for easy access, where both big yachts and sailing boats can moor.

The quarters cover a total of 920 sqm, including the main villa of 820 sqm, the mini villa of 47 sqm and two independent staff houses of 53 sqm in total.

Here bright white elegance is set against a luxuriant green backdrop of lawn, offering a magnificent retreat in the most superb location.

Beautifully designed garden paths, over two hectares long, stretch out to the beach below. These paths are shaded by the bright and colorfully playful lush bougainvillea bushes and palm trees.

The exterior facilities warmly invite you to enjoy this perfect environment: the bar area, terraces, balconies, verandas and dining areas await your presence and lift your spirit up.

Clear lines, strict geometric forms and minimal ornamentation are in total harmony with the gentle, rolling landscape. Our interior designers blended tradition with contemporary trends creating state of the art design.

Perfect union between habitation and vegetation

Great emphasis has been placed on spaciousness in this independent residence. It is surrounded by glorious grounds melting into the natural landscape without disturbing the vegetation. During the construction and the creation of the ornamental gardens and luxuriant lawns, every effort was made to plant native Mediterranean flora. Green succulents and fuchsia pink blooms dance in the breeze against the turquoise backdrop of the sea.

There is total harmony between the outside and inside areas. The terrace and balconies with lounge areas, offer unique breathtaking views. Huge scenic terraces provide ample outdoor space for alfresco dining.

Sunlight and shade

While the sun shines here from dawn until dusk, refreshing shade can be found wherever you desire. Clever play between mobile awnings, draped sunbeds and colonnades creates the ideal conditions at every chosen spot. An abundance of natural daylight is filtered through the huge bay windows that invite in the refreshing breeze. Balconies and terraces face the sea, the delicate reflection of which shimmers on the glass at sunset.

Bright white elegance

The fully equipped bar and dining areas in the wrap-around deck and ground spaces with outdoor living are there for you to enjoy moments of peaceful atmosphere.

The 95 sqm swimming pool offers opportunities for exercise and relaxation after a visit to the fully equipped outdoor gym or following a refreshing dive into the turquoise sea waters.

The enormous 500 sqm ground floor includes a magnificent living room (85sqm), a dining room (58sqm), a study, an office and a meeting room, 4 spacious bedrooms of distinctive architecture and interior design, floor-to-ceiling windows, and a total of 6 bathrooms. Places to visit

The island of Diaporos offers an exclusive eco-friendly paradise, but there are also spectacular places to visit nearby. Vourvourou, just a few minutes boat ride from Diaporos, is a region with a pleasant sea breeze, beautiful beaches, a mountain covered with thick forests and exciting nightlife entertainment.

The "Ormos Panagias" bay is basically a fishing area. Just 3 miles away from Diaporos, this village is worth a visit for fresh fish that you can enjoy at the beach, with the wave of the sea right at your feet.

Ammouliani, a small, majestic island, right across Mount Athos is only a few miles away. Around a complex of smaller islands, Drenia, is an island equally ideal for swimming and diving.

Early risers will be rewarded with a truly magical vision as they witness the spectacular sunrise over Athos Peak. An Orthodox spiritual centre since 1054, Mount Athos has enjoyed an autonomous statute since Byzantine times. The 'Holy Mountain', which is forbidden to women and children, is also a recognized artistic site.

Ouranoupoli lies on the top of the Mount Athos peninsula and is considered to be the Gate to Mount Athos. Ouranoupoli is a divine landscape, combining mountainous and sea beauties. This village resembles a serene painting, which welcomes the pilgrims against a setting of peaceful yet magnificent beauty and prepares them for their spiritual journey to Mount Athos.
